### MONTSERRAT

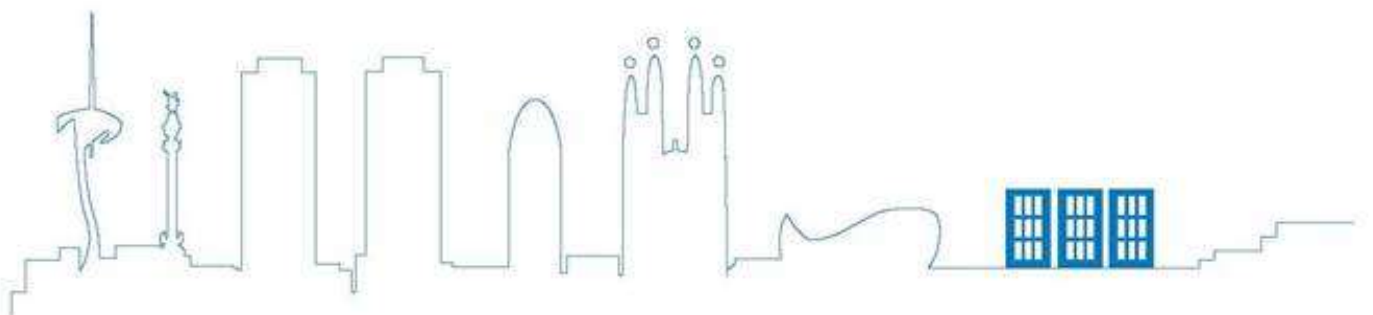

Montserrat is the most spectacular and mysterious mountain of Catalonia, a mountain considered Sanctuary and Holy place, and a symbol for Catalonia. It has very unique rounded rock shapes, which has given to the mountain many stories and legends, like the one that states that this place was sawed by angels with a gold saw to make a throne for the Lady of Montserrat. The Monastery of Santa Maria de Montserrat is located at 720m above sea level, with its imposing church dedicated to the Lady of Montserrat, patroness of Catalonia. The figure of the Virgin is a Romanesque sculpture dating back to the Twelfth Century. Represents the Virgin of Montserrat sitting on her throne, with the infant Jesus on her lap, and the Earth's globe in his right hand, the symbol of The Universe. Popularly known as the Black Madonna (La Moreneta) for its blackened appearance, this nickname is the result of countless interpretations and legends, it is said she is able to do miracles, so those who go to Montserrat go close to her, kiss her hand and ask for her protection making a wish. Do not hesitate to do the same on your tour to Montserrat. The guided tour departs from the city center in a bus with air conditioning, there in Montserrat you will spend the whole morning, and returns to the city center after the tour.

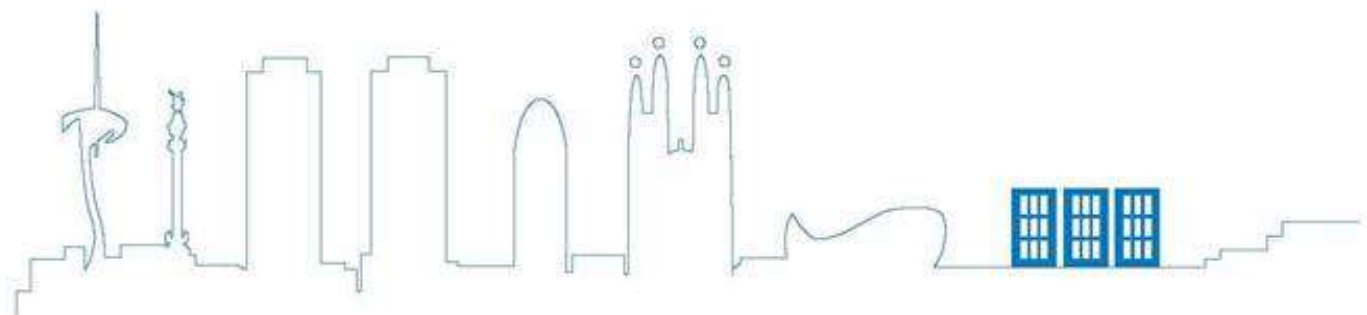

### GIRONA, FIGUERES & DALI MUSEUM

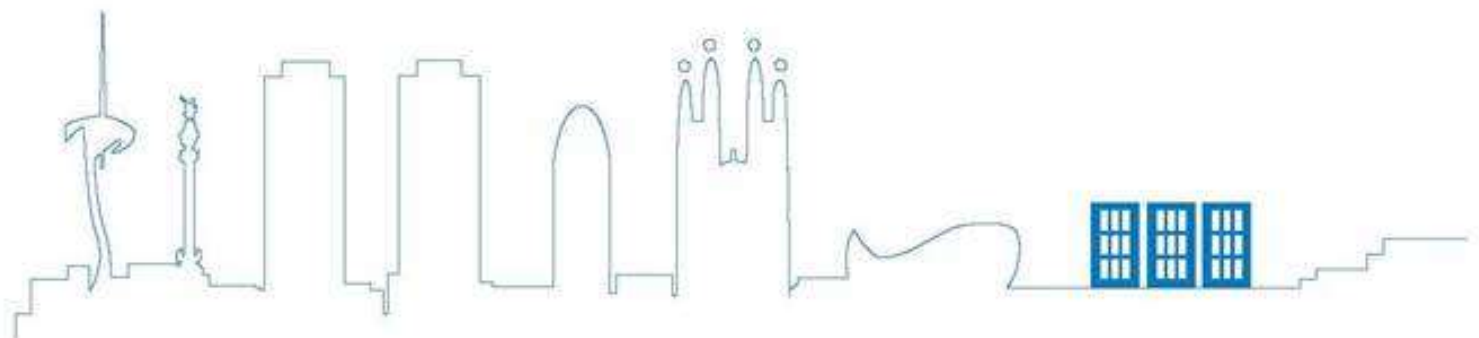

This full day tour departs from Barcelona and runs to two of the most beautiful cities in Catalonia: Figueres and Girona, located at the Costa Brava, towards the north of Barcelona. This tour allows you to discover the Museum dedicated to the Spanish surrealist artist, Salvador Dalí. The first stop will be in Figueres, Dalí's hometown, where you will have some free time to explore the place. Afterwards you will visit the Dalí's Museum-Theatre (entrance included in the tour) for a better understanding and insight into the limited creativity of the surrealist

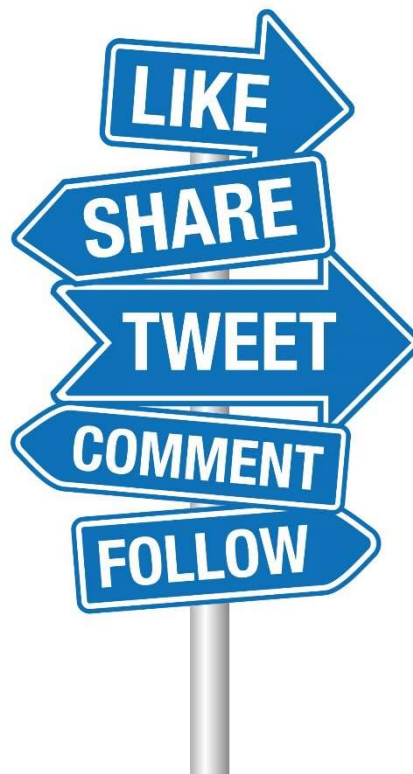

genius. This tour also goes to the medieval walled town of Girona. There you can enjoy a guided walking tour through the Roman and medieval remains, including a visit to the Jewish Quarter, one of the best well preserved in Europe.
